

To the Members of the California State Assembly:

I am signing Assembly Bill 491 to aid in the completion of necessary improvements negotiated as part of the *Williams* lawsuit settlement. However, I do not intend this legislation to establish any precedent and anticipate further discussion on the use of alternative enrollment projection methodologies and earmarking of funds for critically overcrowded schools to be negotiated in the context of any potential statewide bond measures for K-12 school construction in the future.

Sincerely,

Arnold Schwarzenegger
